SCOPE OF WORK FOR THE IRRIGATION SYSTEM AT FIVE GOVERNMENT OWNED HOUSES

GENERAL SPECIFICATIONS

1.0 SCOPE OF WORK

The work included these SOW shall consist of the furnishing of all materials, sprinkler equipment, irrigation pipes, plant material and labor, necessary for the complete installation of the underground sprinkler irrigation system and landscape rehabilitation work in accordance with the following scope of work and specifications.

It is the intent of these SOW, to form a guide for the construction of a complete irrigation system and/or for the repairing/upgrading of the existing irrigation system. Therefore, any minor items not specifically noted, but reasonably necessary for a complete installation shall be furnished under this Contract and included in the unit prices, no separate payment will be made for any minor items. The system shall efficiently and uniformly irrigate all areas and perform, as required by this scope of work.

1.1 CODES, PERMITS AND LICENSES

Materials and installation shall conform to all Codes and Regulations governing the trades included in this work. The Contractor shall obtain and pay for all necessary permits required for this work if required. Permits are required for plumbing, excavating work and electrical work if needed.

Contractor shall be licensed for work to be performed. The Contractor shall carry out the work in accordance with all applicable statutes and regulations relating to pollution control of water and air.

1.2 WORKING CONDITIONS

All losses or damage to material, equipment, to the Government property, while in the possession of or being used by the Contractor, shall be the responsibility of the Contractor, and he shall repair, replace, or otherwise compensate for any such loss. The Contractor at all times at his own expense shall provide adequate security of materials and work on site. The working area shall be kept clean of all debris, rock, waste, or dirt. The interior of all pipes, fittings and other accessories shall be kept free from dirt and foreign matter at all times. Clean-up and removal of all equipment, excess materials, etc., shall be completed before acceptance will be approved by the client.

Overtime work will be at the Contractor's option and expense, unless requested in writing by the COR.

1.3 UTILITIES AND PROTECTION

The COR shall make available to the Contractor upon request all necessary information regarding the location of any utilities at the site. The Contractor shall contact all affected City utilities and all other utilities for onsite location prior to any excavation. The Contractor shall be liable for damages to, or the cost of repairing and/or replacing buried conduit, cables, or piping, encountered during installation work. All damages will be covered by the Contractor at his own expense. No additional or separate payment shall be made for locating or crossing of any utilities.

1.4 TIME OF INSTALLATION

The Contractor must complete the project in phases, based on the availability of the property and the convenience of the client. The scheduling will be coordinated with COR. All phases of the project will be coordinated and completed within 6 months of the notice to proceed.

1.5 WORKMANSHIP

The Contractor shall have had considerable experience and demonstrated ability in the installation of sprinkler irrigation systems of this type. All work shall be installed by skilled persons proficient in the trades required, in a neat, orderly, and responsible manner, with recognized standards of workmanship.

1.6 QUALITY ASSURANCE

All underground work shall be inspected and approved by the COR, for correctness and completeness before backfilling. The Contractor shall guarantee all materials, equipment, and installation work, for a period of TWO (2) years against defective workmanship and handling.

1.7 WARRANTY

Warranties shall become effective from the date of the Completion Certificate and cover period of two (2) years.

The irrigation system warranty will include but not be limited to the following specific items in addition to the normal warranty coverage:

- 1) Repair and replace pipes, which have been found during subsequent construction to be installed with insufficient cover.

- b) Repair and/or replace materials which do not meet the Specifications and whose substitution was not approved by the COR.
- c) Adjust electric valves as required to attain design pressures for all zones on automatic systems.
- d) The following items to be done by the Contractor during the first month of actual system operation by the Client as well as during spring start-up and during the two- week period prior to expiration of the warranty period:
 - clean and adjust sprinklers for proper operation.
 - adjust sprinklers and valve boxes to grade.
 - re-tighten loose fittings, sprinklers and valves.
- e) Correct any works not in accordance with the SOW unless specifically authorized by the COR, which may be discovered during the warranty period.

Warranties on trees, shrubs, turf sod shall be in accordance with the contract specifications.

1.8 OPERATING/MAINTENANCE MANUALS

After the completion of the construction the Contractor shall submit ONE (1) copy (with original information) of an operating and maintenance manual containing information on the manufacturer's installation, operation and maintenance of the equipment installed in the system, such as the controller and control valves. In the last section the Contractor shall provide information on the names and addresses of the equipment supplier, manufacturer's and any sub-contractors (i.e. electrical contractor). All information must be written.

1.9 QUANTITIES

The irrigation system should cover the area of 895 square meters in five Government owned properties. The area is divided among the properties as follows: 32E Boyanska – 155 sq.m.; 32F Boyanska – 210 sq.m.; 32G Boyanska – 200 sq.m.; 25 A Trichkova mogila – 155 sq.m. and 25B Trichkova mogila – 175 sq.m.

. The contractor should perform the work by the Code requirements for installation of underground irrigation systems and following COR instructions.

The Contractor should include in his work the rehabilitation of the total area of 1650 sq.m. covered by this project by installing a new sod. The area of 1650 sq.m. is divided among the properties as given here under:

32A Boyanska – 265 sq.m.

32D Boyanska – 490 sq.m.

32E Boyanska – 155 sq.m.

32F Boyanska - 210 sq.m.

32G Boyanska – 200 sq.m.

25A Trichkova mogila – 155 sq.m.

25B Trichkova mogila – 175 sq.m.

The quantities as shown above, have been indicated as closely as possible but are approximate only. Actual quantities and measurements shall be taken in the field to determine quantities for payment.

1.10 REPAIR AND INSTRUCTION OBLIGATIONS

During execution of this Contract the Contractor shall keep a technically qualified person on the job full time and maintain adequate labor and equipment at the site to immediately repair the system or components in the event of any leak or failure. Prior to completion of the job, the Contractor shall thoroughly instruct the Owner's personnel in the proper operation, maintenance and repair of the system.

1.11 WINTERIZING THE SYSTEM

The Contractor shall be responsible as part of the project to drain, "blow down" and winterize the complete system including controllers, pumps and other associated equipment. He is also responsible for the start-up of the system the following spring including all valve and sprinkler adjustments as may be required. All adjustments and repair work must take place and be completed the following day after the inspection, so there are no delays to the use of the open space areas.

On sites where the project is an addition or alteration to an existing sprinkler system, the Client will winterize and start- up the system, however, the Contractor will supervise the work and will be responsible for his works.

1.12 STAKING AND LAYOUT

The Contractor shall be responsible to determine and stake the location of all sprinklers, valves, piping, and landscape components the COR will check the locations before actual construction begins, however, this shall not relieve the Contractor of his responsibility to construct the works as directed by the COR.

1.13 SITE SAFETY

Contractor shall designate a Safety Officer, who is familiar with the latest edition of the Occupational Health and Safety Statute and Regulations.

1.14 CONSTRUCTION MEETINGS

Construction meetings shall be held regularly on site. Contractor shall have an authorized representative attend these meetings. Time and frequency of these meetings will typically be determined at the construction start-up meeting by the COR.

1.15 MAINTENANCE AND CLEANUP OF WORK SITE

The Contractor shall be responsible to maintain and cleanup the work site on an ongoing basis from the commencement of construction to the completion of the project. The work site shall be maintained in an orderly manner and shall not be used to store the Contractor's equipment and materials, which are not used for this project. Waste, debris, unnecessary excess material shall not be stockpiled on the work site and shall be disposed of property by Contractor.

(d) *Comptroller General Examination of Record*. The Contractor shall comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, and does not contain the clause at [52.215-2](#), Audit and Records-Negotiation.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR [subpart 4.7](#), Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e)

(1) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c), and (d) of this clause, the Contractor is not required to flow down any FAR clause, other than those in this paragraph (e)(1) in a subcontract for commercial items. Unless otherwise indicated below, the extent of the flow down shall be as required by the clause-
